VICTORY AT PITTSBURG. NEW YORKS BEGIN THEIR SECOND WESTERN TRIP AUSPICIOUSLY.

They But Milles and Suste Pitches Finely-Breekipss Whitewash St. Louis-Balti-mores and Bostons Lose, While Cincinnati Defeats Philadelphia - Cloveland Wiss. The New Yorks began their second Western trip yesterday by winning a trying game from the Pittsburgs. Joyce's men cut the Baltimores' lead down to thirty-four points, as the cham plons were forced to acknowledge the corn at Louisville. The Bostons lost a ten-inning 2 to 1 game to the Chicagos, and now lead the race by sixty-six points, the Cincinnatis gaining on them considerably by walloping the Philadelphias. The Chicagos, meanwhile, have passed the Washingtons, who were easy victims for the Clevelands. The Brooklyns, like the New Yorks, began well by whitewashing the St. Louis players. Pirrishung, July 8.—Scrappy Joyce is tickled to death. His team to-day won the first game the last Western series, pulled it out of the fire, as it were, where it had cooked for them. "We're going to win 'em all," said Joyce,
'Seymour will pitch to-morrow, and you Pittssurgers will find he's not the same south paw you saw in May when he was knocked out of The boy has settled down now, doesn't shy at a big crowd, and is hard to rattle. Meekin is pitching better ball than ever before. His arm's all right, and you'll find Amos Rusie ain't our only wonder. Cincinnati won't know us. shot."

Big Amos was in his element, but with all his fine pitching the game was almost lost through errors of two old reliables, Joyce and Gleason. After the errors made by these two, which filled the bases, Amos came to the team's rescue and struck out Eli, Sugden and Davis, when a hit by either would have meant two runs. The features of the game were Van Haltren's capture of hard flies in the outfield and Bill Clark's and Warner's double play at first and home when a run would have tied the score in the eighth iuning. Davis, Clark and Warner made a double play at a critical time. Catcher Jack Warner was put out of the game by Umpire Campbell. Wilson took his place and caught Rusie in clever style.

The game was a regular see-saw sffair. First the locals had the game, then the visitors took it away from them, only to give it up again; but the last time the visitors were ahead they held. Joyce stole second and scored on Davis's single to right.

Elllen pitched for the Pittaburgers, and allowed no runs to be made until the fifth inning, when Sugden dropped Padden's good throw, and Warner scored on Clark's steal. Rusie used excellent judgment when a hit meant a run. Twice he sent Smith to first when men were on second and third, and he also struck out three men when a hit would have brought in a run excellent, indgment when a lost struck out three men when a hit would have brought in a run excent and the score on Warner's hit; the latter them went to third on Lyons's fly to middle, and scored when Van Haltren dropped Davis's high fly right at the fence. St. LOUIS, July S.—To-day's game was a pitchers' battle between Payne and Donahue. The visitors won the game in the first inning on a base on balls to Griffin and Anderson's triple. Brilliant plays were executed by Hartman, Cross, Hallman, and Lally. The latter put up a great game in left, pulling down many difficult lies. The visitors are here without Kennedy, their star pitcher, who is expected to reach St. Louis in time to officiate in Sunday's game. The present standing of the Bostons is an excellent argument for advocates of the non-playing manager. THE LONG INLAND HANDICAP PALLS

TO THE SON OF BRAMBLE. The Mile and a Furlang to 1:54 2-5 Only Play for Him-Briar Sweet Wins the Vernal-First Mate the Medium for a Gignatic Plunge-Tem Cremwell Runs a Mile in 1:80 9-5. The racing at Sheepshead Bay yesterday was

of high quality, and a large crowd was in attendance to see Clifford display all of his old-time speed in the Long Island Handicap, at a mile and a furlong, which he won in a gallop in the fast time of 1:54 2-5. The other stake on the card, the Vernal, for fillies two years old, went to Marcus Daly's Briar Sweet, by Sir Modred, out of Sweet Briar. This sister to Dr. Hasbrouck, piloted by Taral, held her field secure all through the final quarter of a mile, and while she had quite a pull in the weights she showed high class, and will win her share of the stakes for her age and sex. Tom Cromwell and Rondo put up a splendid finish in the selling race at a mile, the former winning by a nose in the very fast time of 1:40 2-5. The Chicago champion, First Mate, shouldered 133 pounds and wor the seven-furlong event in 1:28, landing huge wagers for his owners, who do nothing in the way of speculation that is not on a gigantic

The prospect of much softer spots than the Long Island Handicap with Clifford in his present condition drove Belmar, The Winner, Flying Dutchman, First Mate, Semper Ego, and Blue Devil out of the chief prize of the day, leaving five to go to the post. Clifford was the natural favorite, and at even money and 5 to 4, on the play on the handsome son of Bramble was remarkably heavy. Ben Brush was second choice despite his poor showing since the Suburban, 3 to 1 being freely offered about his chances Lehman was held at 6 to 1. Sir Walter at 7 to 1, and the three-year-old Elkins at to 1. Sir Walter shot to the front at the start and cut out a warm pace, Ben Brush and Clifford close up and Lehman trailing and driving hard to keep up with the procession. It was perhaps the intention to send Elkins out to make the pace, but the Brookdale colt had to race to catch his field at the start, and that took the edge off his speed. Sir Walter was conse-

make the pace, but the Brookdale coit had to race to catch his field at the start, and that took the edge off his speed. Sir Walter was consequently forced to go on and show the way. At the end of the backstretch Ben Brush drew clear of Clifford and showed in second place, and some enthusiasts who had bet on the winner of the Suburban shouted prematurely:

"Clifford's done; Ben Brush will win!"
Sloan was playing possum, however, with the favorite, for directly he called on Clifford in the stretch the sturdy son of Bramble bounded to the front and literally romped home. Dogsett used the whip on Sir Walter, but the catgut could not quicken the stride of the Oneck champion, and he had to be content with second money. Ben Brush tired so palpably in the last sixteenth of a mile that Lehman got up in time to beat him a head for third money. As Clifford wone se easily there is no telling how fast he could have gone yesterday. The old herse looks well, and will now go to Saratoga to enjoy the waters of Horse Haven. Ben Brush's hurried preparation for the Suburban is showing these days, and the four-year-old is far from his best at present.

The Thompson part, l'Alouette and Colonial Dame, Arthur White's Geisha, August Belmont's Lady Marian, and Marcus Daly's Briar Sweet were almost equal favorities for the Vernal Stakes, 3% to 1 being the average quotation-shout-the-loi.—Michothum, and, at 5 to 1. The delay of thirty-five minutes at the post hurt the chances of the heavy weights. L'Alouette had speed enough to show the way to the elbow, where she resigned in favor of Briar Sweet. Taral took no chances, and, riding out strong, won by a good open length. Lady Marian appeared to have second place secure, but Geisha challenged the daughter of Rayon d'Or in the last hundred yards and beat her home a few inches. L'Alouette was a close fourth, and this filly's performance was a very good one considering the fact that she had 122 pounds up.

The rank outsider Detective made the running
at a smart pace until well into the bend for

The three-year-old Set Fast had been running

Salvable was favorite for the mile dash with selling allowances, but Tom Cromwell and Rondo both beat Pat Dunne's four-year-old. Rondo made the running until the stretch, when Tom Cromwell challenged under the whip. Tom Cromwell is a buildog, but he found one of his own kind in Rondo, and had Scherrer refrained from going after his whip in the final stride the Western coit would have won. As it was, four Cromwell only won by a nose in the last stride. Salvable was third. The time, 1:40 2-5, is very fast.

NEWS OF THE WHEELMEN

AMATEURS IMPROVED FORM IN CREASES INTEREST IN RACING.

Michael and Lesua Have Agreed to Race— Records Bade in Matches Not to Count as Competition Figures—A Double Cycle Path Over the Brooklyn Elevated Hallrond, The happiest citizens under the new order of emperature are the cyclists. While pedestrians are sweltering around in collars and cuffs, which were quee stiff, the wheelman pursues his nobby in comparative comfort, and his free-andeasy outfit enables him to jaunt along his route placidly. In the absence of a breeze he can generally create a draught by some mild corching, and when he gets home and intulges in a bath and a change of clothing he is the personification of coolness. This, of course, only applies to the experienced rider; for there are many instances where the novice sets forth in all the glory of visiting "togs," only to find that his outfit has melted before he reaches his destination and that his carefully made toilet is a failure. Cases in point are in daily evidence along the boulevards and cycle paths. Novices at the game turn out in an armor of starch, which is sure to wilt, while the old-timers eschew high collars and pedal around in loose-fitting summer flannels, which contribute to coolness and comfort without infringing on sartorial

According to the official L. A. W. handicapper of the New Jersey division, the race meets scheduled for this season greatly exceed the number of last year. In talking with THE SUN reporter yesterday he summarized the racing ituation as follows:

"I find that the amateur riders have made a big advance this season. Numerous meets, good tracks, and large additions of new men to the racing ranks are responsible for the notice-able improvement. Take, for example, the young riders who have sprung up this season. There is John Ruel of Newark, who a short ime ago was a long-mark man. Now he is back on the scratch mark. He tells me that he is employed sixteen hours a day, and only recelves a chance to train in his regular competition work and some short distances on the road.
Other Newark man who have become prominent
this season are A. F. Varley, who from a big
handleap has been reduced to scratch; William
Weller, the deaf rider, who early in the season was
receiving seventy and eighty yards and whose
allowance is now ten yards in the halt a mile
and twenty in the mile, and John T. Colgan of
Trenton, who was on the limit marks, but in the
future will be a back mark rider. You can pick
out the new riders as the coming cracks by notling how Charles Schlee, the Brooklyn man, who
won his novice race at Waverly on June 19, has
been winning constantly since that date.

"Tandem racing has taken a leading position
this year, and furnishes some of the best sport
at tournaments. A promising tandem team
consists of Bedell and Stevenson of the Riverside Wheelmen, I think the man of the season
beroabouts is R. A. Miller of the Greenwich
Wheelmon, who is clearly proving his title to
high honors on the track. Miller and Babcock
make one of the fastest tandem teams in the
Metropolitan district. Babb and Crawford of
Paterson and Ready and Johnson of Orange are
promising crews among the newcomers." he is employed sixteen hours a day, and only re-

Runs have been arranged for Sunday as follows:

New Jersey—Orange C. C., Trenton; East Orange Cyclers, Bernardsville; Bayonne B. A. W., open contury run.

James Michael and Lucian Lesna, the foreign riders, have agreed to meet in a match race at the Charles River Park track, Boston, for a \$2.000 purse. No date has been selected for the event. The articles of agreement provide for a contest, standing start, paced. The winner is to take all the purse. It is further stipulated that each rider shall furnish his own pacemakers and machines for the latter. Each man, however, receives the privilege of dropping his own pacemakers and taking pace from his opponent's rear wheel, if he so wishes. It is likely that the two riders will furnish one of the greatest long-distance races ever held in this cobuntry. It is thought that the event will come off the latter part of August.

Long-distance racing is engaging the attention of the amateurs as well as the cash prize riders this year. Rudoiph Lauricks of Boston has created new American amateur figures from six to fifty miles as follows:

The Racing Board of the L. A. W. has decided that records made in match races will not be accepted as competition times. After the recent Michael-McDuffle match the question came up as to whether the times made by both riders would be officially recognized. According to the decision of the Racing Board the figures will be classified as "paced against time."

President Uhlmann of the Brooklyn elevated President Uhlmann of the Brooklyn elevated road has received a proposition from a capitalist for the building of a double cycle path over the structure. The scheme is to charge live cents for the privilege of using the path, and the enterprising capitalist promises to keep it in repair and give half of the gross receipts to the railroad company. Mr. Uhlmann is inclined to regard the matter seriously, and will lay it before the Board of Directors.

Some members of the Paramount Wheelmen in Brooklyn went on a trip to Bridgeport, Conn., on Sunday, and remained there over Monday. They got involved in an escapade and the affair got into the Bridgeport papers, and the news travelled so quickly to Brooklyn that on Wednesday night President William A. Armstrong called a special meeting of the club. A prompt investigation of the doings at Bridgeport was made and nine of the participants were expelled.
